
Our Business

Since 1997, we have provided temporary staffing in nursing care to health care facilities in the Southeast Missouri area. Our dedicated staff seeks to provide you with the best in registered nurses, licensed practical nurses and certified nurse aides.

We provide all pre-employment testing, orientation and background checks as well as any updates needed to maintain a quality caregiver. We will also work with you on any unique training required by your facility.

Let us help you provide outstanding patient care through temporary staffing by well educated and up-to-date nurses and nurse aides.

Need To Expand Your Nursing Staff But You Are Too Busy To Do It?

Quality Consultants can provide employees on short notice, including:

- Registered Nurses
- Licensed Practical Nurses
- Certified Nurse Aides

Staffing with **Quality Consultants** means you no longer have to:

- Recruit and interview prospective candidates
- Enroll new employees (no more government paperwork!)
- Conduct license and education verification
- Conduct criminal background checks
- Add new employees to your payroll system
- Train new employees
- Provide workers' compensation insurance and other benefits on "rented" staff members

Quality Consultants maintains competitive pricing and is constantly recruiting new employees. **Quality Consultants** offers discount pricing for multiple temporary employees. Call for more information and a current price list.

You Get The Best Because We Employ Only The Best

Quality Consultants is the temporary staffing division of Allen Home Care Services, Inc., one of the region's best private duty and home health nursing companies. **Quality Consultants** is geared to hospitals, nursing homes, skilled care facilities and independent living centers.

Institutions supplement their nursing staffs with temporary employees from **Quality Consultants** to eliminate the headaches of constantly adding staff when needed in the short and long term. This allows the facility to be cost effective in their skilled and unskilled nursing staff.

Quality Consultants can provide these employees on a rapid response basis. All of our temporary staffing employees are thoroughly screened and trained to meet the customer's needs.

Our goal is eliminate your operational headaches. Our temps can be used as often as you need for as long as you need. And, should you want to hire one of skilled employees, arrangements can be made to convert them to your permanent staff.
